Re-Accredited A+ by NAAC

Department of Geology and Petroleum Technology

M.Sc. Petroleum Technology Online Entrance Examination 2023

About the course:

Since 1970's the oil industry has seen a phenomenal rise in the demand for Petroleum Products. The Department of Geology at Nowrosjee Wadia College, envisaged the need for specialized geology based knowledge in this field and launched an interdisciplinary course in Petroleum Technology, in the year 1987. The initial success of the course, coupled with interaction with different companies in the Petroleum Industry encouraged us to expand the course in 1989 to a two year Postgraduate Degree in Petroleum Technology. Since then we have had thirty five batches graduating successfully. The Degree awarded is M.Sc. (Applied) Petroleum Technology and it is affiliated to the Savitribai Phule Pune University. The blend of Technology with Geology is the essence of this course.

The overwhelming response to the course accompanied with the successful placement of our students in oil companies and petroleum service companies around the world has made this course invaluable.

This course is recognized by UGC and ONGC for employment of the students and has also been given equivalence with M.Sc. Geology by SPPU for academic recruitments. The college has also established a Student Chapter recognized by Society of Petroleum Engineers. The NWC SPE Chapter has been awarded with the Presidential Award for Outstanding Student Chapter in 2022 and Excellence Awards in 2021 & 2023.

Eligibility: B.Sc. in Geology / Chemistry / Physics / Petroleum Chemistry / Petrochemicals / Mathematics

**Or
B.Sc. General Degree or with Geology as one of the Subsidiary Subjects.**

M.Sc.(Applied) Petroleum Technology
ONLINE ENTRANCE EXAMINATION 2023

Inviting Online Applications for Entrance Examination to be held for admission in M.Sc. Petroleum Technology (First Year).

Date of Exam	16/07/2023
Duration	60 Minutes (Students shall attempt the test between 11am to 12pm)
Pattern	Objective Type comprising Multiple Choice Questions
Total Marks and Questions	50 (Section I : 20 Marks & Section II/III : 30 Marks)
Section I (Compulsory)	General Aptitude
Section II (Only for Students of Geology)	General Geology, Structural Geology, Palaeontology, Sedimentary Geology, Remote sensing and GIS, Economic Geology, Applied Geology, Geophysics, Environmental Geology and Stratigraphy
Section III (Only for Students Chemistry / Physics / Petroleum Chemistry / Petrochemicals / Mathematics Or B.Sc. General Degree)	Basics of Physics / Chemistry / Mathematics
Registration / Application Link	https://uvec.com/NWC-Petrotech
Last Date of Registration	14/07/2023
Processing Fee	Reserved Category 200 ₹ Open Category 250 ₹
